Lug-All

The multi-purpose, industrial mover's winch that is indispensable for all types of awkward machine moving jobs. Equipped with heavy-duty frame, interlocking pawl, 1/4" aircraft cable, forged safety hooks, with latches and safety handle. Safety snap allows use from your trailer's bull ring. Operates at any angle to hoist or lower all work loads up to 2 tons. Select-level for rapid or normal load-lowering speed.

420-RSH 22' cable with medium frame 16 lbs. Wt. 620.00

*Capacity rating for truck loading plates is based at 100% for use with two wheel dollies, and 75% when used with platform and pallet skid trucks. Not for use with fork-lifts. For fork-lift application, please use a properly sized New Haven dockboard with safety curbs.

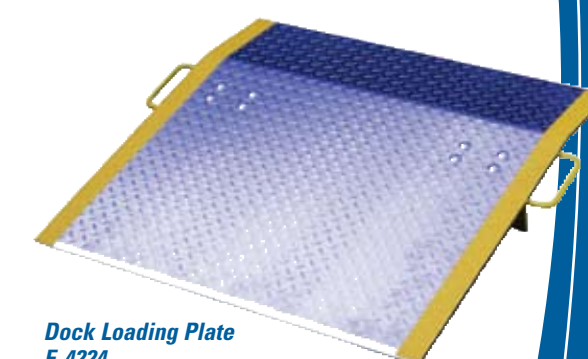

ForkLift Loading Aluminum Dockboard

New Haven's aluminum dockboards provide positive positioning between dock and truck. Our dock boards feature aluminum decks and aluminum curbs, making a stronger, longer-lasting board. We offer 31 models, nine different sizes, and capacities ranging from 5,000 to 17,000 lbs.
