### 2" Cam Buckle Strap

When it's time to pack it up and ship it out, you need to be sure it will get there safe and secure. Whether you're hauling empty crates or vending machines, you can count on the strength and durability of the Cam Buckle Strap. The color-coded straps allow you to tell the length at a glance. Now if only everything in life was this simple.

Assembled with spring-loaded NH8306-1 "E" end fittings, and NH4900 webbing. Color coded for easy recognition.

*Breaking Strength: 3,000 lbs., Working Load Limit: 1,000 lbs.*

- NH12950L144-048** 12'—Yellow
- NH12950G192-048** 16'—Grey
- NH12950E240-048** 20'—Blue

### Standard Duty Shoring Beam

Double the space in your truck or trailer with New Haven's NH8066-3 shoring beams. Manufactured with groove-sided 6061/T6 aluminum alloy, these shoring beams allow an additional row of decking or provide a strong, rigid skeleton for space separation. Fits both 96" and 102" width trailers.

To order for Climate Control, Reefer, or 96" width vans, specify NH8066-1. Special length beams available on request. Adjusts from 92.5" to 102". Decking capacity: horizontal, 2,000 lbs. uniformly distributed. Shoring capacity: vertical, 2,000 lbs. uniformly distributed. Weight: 21.75 lbs.

*Note: Working load limits are only 1/3 the beam's ultimate breaking strength.*

- NH8066-3** Standard Beam 92.5"-102"
- NH8066-1** Standard Beam for 96" Van

*An assembly is rated at the lowest minimum working load limit of any of its components. Component selections will affect overall ratings of the assembly.*
